Software Engineering graduate *and incoming* ***M.Sc. Computer Science student*** *at Ben-Gurion University. Hands-on experience developing backend services, REST APIs, full-stack applications, and AI-powered systems. Strong background in* ***Python, C++, JavaScript,*** *and* ***database technologies,*** *with a focus on backend development and system design*

EDUCATION

2026 – 2029 (Expected) | **M.Sc. in Computer Science, Ben-Gurion University of the Negev, Be'er Sheva**
- Accepted to the program and currently completing a prerequisite course before commencing studies.

2022 – 2026 | **B.Sc. in Software Engineering, Braude College of Engineering, Karmiel**
- **Average: 89/100 (GPA 3.3) | Dean's list award, 2022**
- Relevant coursework: Data Structures & Algorithms, OOP, Databases, Web Development, Cloud Computing, Computer Networks, Cybersecurity

SKILLS

Languages: Hebrew, English
Backend: FastAPI, Node.js, REST APIs
Databases: MongoDB, MySQL, SQLite
Tools: Git, Docker

Technical Languages: Python, C/C++, JavaScript
Frontend: HTML, React, CSS
AI: Google ADK, Cursor

PORTFOLIO

2026 | **Model-Based Code GenAI (MOSAIC), Final Degree Project**
www.model-based-code-genai-1.onrender.com | www.github.com/Stava06/Model-Based-Code-GenAI

- Developed an **AI-driven platform** that converts client requirements into **functional full-stack web applications**, achieving **83% executability rate** across generated applications with no manual intervention, in under **3 minutes** per generation
- Designed a multi-role agent with Google ADK and Gemini API, integrating custom tools and prompt-engineered workflows for automated code generation

2024 – 2026 | **Concert Discovery Website (Bandvoyage), Custom project**
www.bandvoyage.com | www.github.com/IOC-Group/Bandvoyage_project

- Built an **event discovery platform** integrating Ticketmaster and Spotify APIs for concert discovery and personalized results
- Optimized server-side data aggregation and asynchronous filtering logic across large, predefined datasets of artists and sports clubs, reducing search response time to under **10 seconds**

NATIONAL SERVICE

2017 – 2019 | **Sergeant in the Operations Unit, 405 Division, Artillery Corps**
- Coordinated fire-support operations in a **high-pressure operational environment**, developing strong analytical thinking, attention to detail, teamwork, and decision-making skills
- **Active reservist** alongside academic and professional commitments

VOLUNTEERING

2024 – 2026 | **Ayalim Association - Community Involvement & Tutoring**
Community involvement and academic tutoring for college students

2023 – 2024 | **Perach Association - Academic Tutor**
Provided academic tutoring to fellow students, selected based on academic performance
